Manual Activation of Statgraphics Sigma express

If STATGRAPHICS Sigma *express* does not appear automatically on the Excel menu after it is installed, you can activate it manually. The method depends on your version of Microsoft Excel:

Instructions for Excel 2003

Instructions for Excel 2007

Instructions for Excel 2010, 2013 and 2016

Instructions for Excel 2003

If you are using Excel 2003, first start Excel. Then:

1. Select *Tools - Add-Ins* from the Excel menu. This will display a list of all current add-ins:

2. Press *Browse* to display a file selection dialog box:

Locate the XLA file that was created when you installed STATGRAPHICS Sigma *express*. If you are using a 32-bit version of Windows, the file will usually be located in the directory named "c:\Program Files\Statgraphics\STATGRAPHICS Sigma *express*". If you are using a 64-bit version of Windows, the file will usually be located in the directory named "c:\Program Files (x32)\Statgraphics\STATGRAPHICS Sigma *express*".

3. When you press OK, STATGRAPHICS will be added to the list of add-ins:

Be sure that it has a checkmark next to it.
